

Production Operative

Main Job Purpose:

Responsible for the manufacture of products according to the defined processes and quality standards.

Main Duties of Role:

- Manufacture the Company's products, in accordance with the customer's requirements, the Management System and the Employee's field of specialisation.
- Check products to ensure accuracy and compliance with Quality standards.
- Ensure all required maintenance procedures are adhered to.
- Carry out and comply with all company policies, procedures and instructions and any other reasonable duties deemed necessary by the company.
- Observe all safety rules and procedures, ensuring that the work area, equipment and materials are left in a safe state; and that reasonable care is taken for the health and safety of all fellow employees and any other persons within the work area.
- Work in a manner that actively seeks to reduce any negative environmental impact in relation to the processes and procedures operating within their area and across the wider business e.g. reduction of waste, recycling etc.

Essential Requirements:

- Demonstrable manufacturing or assembly experience and/or the ability to be trained.

Desirable Requirements:

- Use of woodworking machinery and hand tools.
- Use of air and power tools.
